

Why Proper Inventory Management Matters & How It Increases Profitability

This is the basic formulation that shows why Organized Inventory Management is so critical in today's Organizational Environments. The formulation below translates just 5 MINUTES a day in time lost searching for parts. This is HOW & WHY proper Inventory Management can save your bottom line. There is then realization that PROWARE's Inventory Management System can DOUBLE these year end figures by factoring in US as UNPAID Workers working for you!

		TIME SAVED							
		1 Worker			2 Workers	3 Workers	4 Workers	5 Workers
